Tidelands Bill Support Asked By Association

The people of California will be alerted to the danger to the State's beach development program arising from efforts of the Federal government to claim title to the oil-rich submerged tidelands.

This was the word received here today from the Shoreline Planning Association of California and its new president, Geoffrey F. Morgan.

A non-partisan campaign covering the entire State will be launched at once urging support of Senate Bill 1988. This bill, now before Congress, would quit-claim the tidelands back to the states, and in effect nullify last year's Supreme Court decision which held that the Federal government had prior rights to the disputed tidelands.

COMPLETION OF FREEWAY IN MAY

The final portion of the \$14,000,000 Terminal Island freeway network will be completed in May when the northern half of the Pacific Coast highway overpass intersecting with the freeway is opened. It has been announced. The southern half of the overpass was opened to traffic late last year.

Anaheim street traffic enters the freeway from a ramp on the north side and comes off at Hobson avenue.

The bridge crosses over Pacific Electric and Southern Pacific railroad tracks and the Meade transfer yards of the Union Pacific before descending to Willow street.
